CUSTOMER UPDATE INFORMATION

At Doña Ana MDWCA, we are committed to provide you with the best service possible. To maintain accurate records and ensure you continue receiving important information, we kindly request that you take a few moments to review and update your phone number, change of address, add or remove a name, and e-mail. All customer forms can be found on our website at dawater.org under the Customer Tab. You may email the completed form to customerservice@dawater.org along with a copy of your ID. Also, stay informed by subscribing to our website at www.dawater.org to receive alerts, news, notices and updates.

IMPORTANT NOTICE REGARDING OUR PAYMENT ADDRESS

If you are mailing your utility payment, please use the new address listed below. If your bank sends payments for you, please update our new mailing address with your financial institution to avoid payment delays and ensure your payment is received and credited on time. Send all payments to PO Box 15124, Sacramento, CA 95851-0124. We appreciate your prompt attention to this change.

LOBBY UPDATE

We are pleased to announce that our lobby is officially open, and we look forward to welcoming you back. Thank you for your understanding and cooperation as we work to serve you safely and efficiently.

STATEMENT BILLING

For accounts that are on Statement Billing, please remit your Account Detail page for all mail payments to make sure your account is credited correctly. If you have any questions please e-mail our Customer Service Department at customerservice@dawater.org

TOILET LEAKS

Did you know that worn-out or outdated toilet flappers, such as valve seals may result in a leak. To maintain a good seal and prevent leaks, the flapper should be inspected and replaced at least every five years due to the rubber's potential to wear out. A damaged or aged flapper can cause your toilet to leak thousands of gallons annually. A quick and simple solution that will save you money and water is to replace the flapper.

POLICY FEATURE

Having our POLICY FEATURE in our Newsletter helps build relations with our customers through regular communication and better understanding about our policies at DAMDWCA.

METERED SERVICE ERROR

Where a user has been overcharged or undercharged for metered service due to a reading or billing error, the period to be retroactively billed or refunded shall not exceed three (3) months.

Where the user believes that the water meter is not functioning properly, the user may request a meter test be conducted only after a data log has been performed on the meter. Should the meter test show the meter to be accurate, a service charge will be applied as provided in Doña Ana MDWCA User Service Fees and Charges schedule.

In the event a user's meter is found not to register, or to register more than three percent (3%) slow, Doña Ana MDWCA will bill the user for the undercharge based on an average billing, if this estimated undercharge amount exceeds \$100.00. The bill will be computed based on an estimate of the user's consumption during the prior month in the same season or on the consumption in the same period of prior years that were not affected by the meter failure.

It is the user's responsibility to maintain their lines and to remediate any leaks that occur on the user's side of the outlet of the meter.
